Subject: Approval of Notice of Intention to Commence Large Mining Operations (NOI) and Reclamation Surety, Geneva Rock Products, Inc. Center Creek Quarry, M/051/0013, Wasatch County, Utah

Dear Mr. Sumsion:

The Division of Oil, Gas and Mining has received the reclamation surety for the Center Creek mine and two copies of the Notice of Intention to Commence Large Mining Operations (NOI). The Division now permits you to begin mining operations as outlined in your NOI. The permitted disturbed area is 95 acres. The surety will be reviewed periodically to assure that the bond remains adequate.

The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations. The Conditional Use Permit from the Wasatch County Commission contains conditions you will need to meet. The Division does not have jurisdiction to enforce the requirements of Wasatch County, but approval of a Notice of Intention does not relieve an operator from complying with other agencies' requirements.

No variances are requested.

Enclosed are copies of the signed and executed Reclamation Contract and surety bond forms for your files. Also enclosed is a copy of the "approved" NOI for your files. Please keep your plan current by submitting changes using Form MR-REV-att, which is located on the web at www.dogm.utah.gov.

All future correspondence should reference M/051/0013. Thank you for your help and patience in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,

Dana Dean, P. E.
Associate Director of Mining
